Meet Graduates from various background

A network of 27000 potential applicants,
from the youngest to the most experienced.

VIRTUAL RECRUITMENT & EXCHANGE FORUM

Virtual recruitment and exchange forum

September 30th to October 1st, 2021

Our forum will be organized on an intuitive online platform, enabling the connexion between applicants and recruiters. Each recruiter will complete the company's profil by adding their job and internship opportunities as well as their availability on the two days mentioned above. Applicants will choose a time slot for an appointment on the recruiters' schedules they want to speak with !

The "correspondence" event specificities :

- *There is no geographical limit, every applicant can participate no matter their actual location !*
- *You will have access to a huge Curriculum Vitae database (all participants) before, during and after the event. This will allow you to have an efficient sourcing !*
- *Your employment brand will not be left : A significant communication campaign, mentioning your company will be set up for the event.*
- *As the forum last for two days, you can easily schedule your appointments on these days.*
- *It will remain a "human scale" forum (not more than 40 companies), strictly selected to reflect each training speciality taught at UTC (there is no over-representation companies in any department).*

Virtual recruitment and exchange forum

September 30th to October 1st, 2021

The significant little extra :

- *The event will be open for both students (for internship search) and graduates (for job seeking, VIE etc). So you can meet these two audiences !*
- *The fair is organized in partnership with the UTBM alumni association; you will also have the opportunity to meet profiles from this school*
- *You can also introduce your company to the participants on the forum's eve for more impact*
- *If you want to do interviews in english, do not hesitate to mention it !*
- *Bonus : free access to our online directory for a month*
